

Curved Slide Gates are Regularly Used by Nestle Purina PetCare

Critical Replacement Parts Delivered Ahead of Shutdown

Introduction

Nestle Purina PetCare is one of the largest pet food companies in the US and manufactures and markets pet food, treats, supplements, and cat litter for dogs and cats. 99-percent of the pet food Nestle Purina PetCare sells in the US is manufactured domestically, with most key ingredients also sourced in the US.

Challenge

Nestle Purina PetCare needed replacement Made-to-Order troughs and curved slide gates for a planned maintenance shutdown on July 4th and 5th. Any delay in design submittals, approval, manufacturing, or shipment would impact the schedule. Motion in Oklahoma City contacted KWS because of our proven ability to respond quickly when replacement components are critical to keeping a plant up and running.

KWS Advantage

Motion and KWS have a great working partnership because we both provide responsive customer service and expedited delivery. KWS delivered the screw conveyor components eight days earlier than required, helping Nestle Purina stay on schedule for the planned shutdown and avoid unnecessary risk during critical maintenance.

Customer Testimonial

"Wow! KWS never ceases to amaze me or let me down. Nestle Purina PetCare is one of my best customers and you made me look good again!!"

Richard Rodriguez, Account Manager – Motion

Cost Savings

Downtime Avoidance = 8 days x 24 hours/day x \$1,500.00 per hour = \$288,000.00
